

7 Mountains Diagram

Culture is shaped by seven mountains in society. If we can influence each of these areas for Christ, we will win the culture of our nation.

1 At the top of each mountain is a leader governing and influencing the rest of the mountain. A vital part of the COUNT process is to identify who these leaders are in your community and schedule meetings with them to ask how you can help them. When you make an impact on these leaders, you impact the entire mountain!

2 **3** This diagram can also be used to help you identify who in your church or organization work in the following industries to build a skilled volunteer leadership team as well as find people in these designated mountains who can provide you areas in the community that need a Community Event.
